Glossary of Credential Acronyms

CNM = Certified Nurse Midwife

An individual educated in the two disciplines of nursing and midwifery, who possesses evidence of certification according to the requirements of the American College of Nurse Midwives (www.acnm.org).

CPM = Certified Professional Midwife

A knowledgeable, skilled and professional independent midwifery practitioner who has met the standards for certification set by the North American Registry of Midwives (NARM, www.narm.org) and is qualified to provide the midwifery model of care. The CPM is the only international credential that requires knowledge about and experience in out-of-hospital settings.

LM = Licensed Midwife

A midwife who is licensed to practice in a particular jurisdiction, usually a state or province.
